-the swedish jazz trio

A new super trio is born,
MUSICMUSICMUSIC is the name. - VF

Best Swedish Jazz album of the year - SvD

"The interplay in what might be
Sweden's best piano trio is organic, the
stylistic freedom is intact" - GP

Michael Edlund, drums. Fabian Kallerdahl, piano. Josef Kallerdahl, bass

A dream team of Swedish jazz musicians make up MUSICMUSICMUSIC.

The trio has been labelled one of the:
"..MOST VITALIZING MUSIC EXPERIENCES TO HIT
THE JAZZ SCENE IN YEARS."

With a passion for experimentation, a refreshing lack of respect for the genre and ever present joy in playing, the trio is a phenomenon that reaches far beyond the borders of traditional jazz, and that is something that both audience and critics on all continents can vouch for.
